

Subject: Work Schedule Rule (WSR) Development Halted from October 2 to December 15, 2014

Audience: HR Directors, HR Users

Due to the SCEIS technical landscape changes for required SAP Support Package implementation, new development of Time Management WSRs will be halted from October 2 to December 15. If your agency has new WSR requests, please submit a ticket to the SCEIS Service Desk to ensure your changes are placed in production prior to the October 2 deadline.

Please note, during this period, you are still able to maintain employee WSR assignment and the SCEIS Team will also be able to add existing WSRs to your agency's drop down box. A [list](#) of over 4,000 existing WSRs currently available is posted with this announcement on the SCEIS Weekly Updates webpage.
