

Subject: New Version of Blackboard Available in January 2015

Audience: All Blackboard Users

The SCEIS Team is pleased to announce that users will see a new version of Blackboard in January 2015. SCEIS uses Blackboard to organize training registration and class materials. Here are some of the changes that users will notice in the Blackboard upgrade:

- Different look from previous version
- Password help information will be available on the log on screen
- Ability to view the SCEIS Training Calendar from the log on screen (without having to log on first)

In addition to the above changes, users will receive a new Blackboard User ID and password. More information about the distribution of new User IDs and passwords will be sent at a later date.

The following registration procedures will not change:

- Users will still look for training announcements in the SCEIS Weekly Update and the [Meetings Calendar on the SCEIS website](#)
- Users will still request a class by filling out the appropriate SurveyMonkey survey

If you have any questions about this message, please email them to training@sceis.sc.gov.
