Subject: Reminder of new BW query technical names

Audience: Reporting Users

As part of an ongoing archiving project, the SCEIS Team is adjusting all Finance queries to ensure that data before FY13 is included. This will result in a new technical name for each query.

Please modify your workbooks to reference the new query technical names listed below. The old query names without the MC in them will be active until Jan. 8, 2019. The description of the queries will remain the same for now.
