

Subject: New Budget Report - **Overview of AVC Data** (Transaction Code **FMAVCH01**)
Audience: Finance Directors, Budget Directors

A new budget report is now available to users with access to FM Reports. The new report, Overview of AVC Data, is similar to the current FMAVCR01 report, but generates data much faster, without timing out. The new report can be accessed by the transaction code FMAVCH01.

You can also access the report through a new message (shown below) which you may encounter while executing the current FMAVCR01 report for a large amount of data. In this case, if you choose "Yes", it will continue trying to retrieve the data, but may end up timing out. If you choose "No", it will terminate the current execution, so that you can use transaction FMAVCH01.

More details about this new feature is provided in the SCEIS Report FMAVCH01 report also posted to the SCEIS Weekly Updates page at <http://sceis.sc.gov/page.aspx?id=230>.
