

Contracts SRM Guide to Hard Stop and Common Errors

Error or Issue	Resolution
<p> Line X: Enter exactly one partner of type Location</p>	<p>Problem: The user received this hard stop because the system is looking for a 'location' for the line item of the contract so shopping cart users assigned to that location can punch out of the contract line item.</p> <p>Solution: Go to the line item, click 'Details' and scroll all the way to the bottom of the page and insert the correct location for the line item. User must be in 'Edit' status to modify the location.</p>
