

## Contracts SRM Guide to Hard Stop and Common Errors

Error or Issue	Resolution
<p> Line x: Contract can't be used; target value xx, xxx USD of contract exceeded by xx.xx USD</p>	<p><b>Problem:</b> This error occurs when the contract line item Target Value/Currency has been spent.</p> <p><b>Solution:</b> The Contract Owner needs to either increase the contract amount with their authority or re-bid the contract.</p>
