

SAP introduced a new Integrated Learning Experience (ILX) for MySCLearning powered by SuccessFactors and will be available by Nov. 18, 2024. The new ILX includes an updated Learning homepage to access your training content. The old interface will still be available. You can switch between the old and new version until mid-2025 by following these instructions.

# Log in to SCEIS Central.

See "Log in to MySCLearning."

#### Locate the toggle switch in the upper right corner.

(If you do not see the switch, scroll to the right of the page)

# **Activate the new ILX by sliding the toggle switch to the right.**

New Learning Experience

# **4** The new Learning homepage will display.

# Your courses are displayed in the Required Learning tile.
