Subject: New SCEIS User Group Webpages Now Available
Audience: All SCEIS Users

The SCEIS Team along with the SCEIS User Group Leads Committee are pleased to announce a new set of pages on the SCEIS website devoted to the User Group. With current information and presentations going back to 2011, this section of the SCEIS website will serve as a clearinghouse for details about the SCEIS User Group.
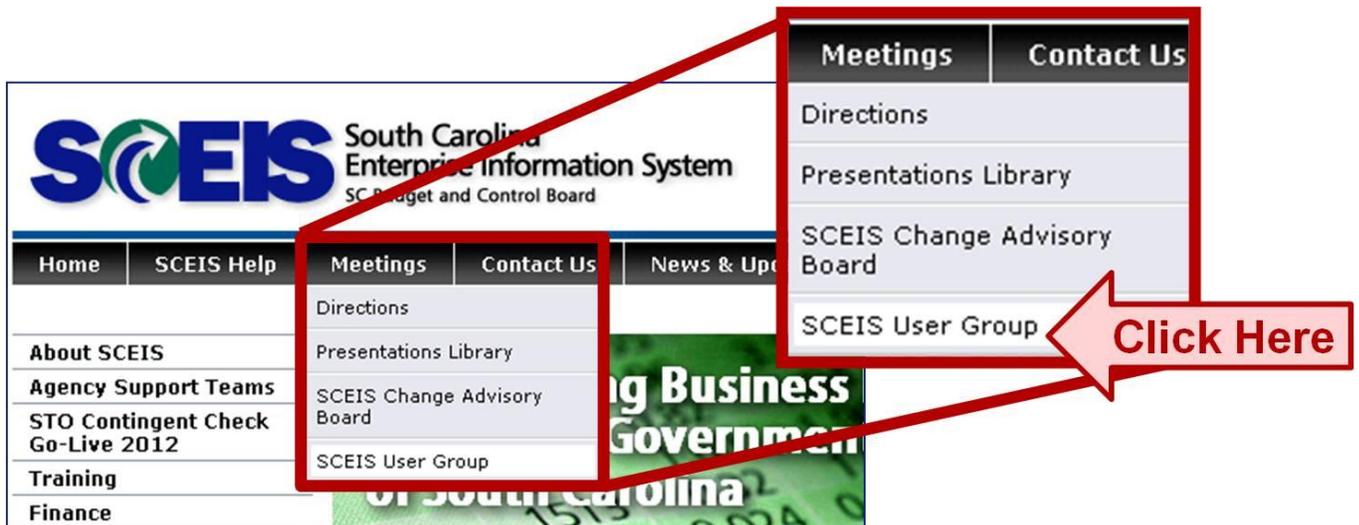

To navigate to the User Group webpages from the SCEIS homepage (http://www.sceis.sc.gov), simply point your mouse to the "Meetings" tab in the navigation bar along the top of the page, then select "SCEIS User Group" from the menu that appears. Click here to jump to the main page.

When you reach the main User Group page, you will find:

- The User Group's statement of purpose
- Information about the next meeting
- General information about the User Group including a downloadable/printable meeting schedule and a contact list of User Group Leads Committee members
- Links to archive pages with documentation from 2011 and 2012 meetings
- All documentation from meetings held so far in the current year

This page will be updated regularly with new information, so check back often for the latest.
