

Subject: Please Uncheck “Block All Postings” Checkbox in Grant Master Data
Audience: Finance Directors (Agencies that user SCEIS Grants Management)

The State Treasurer’s Office (STO) has experienced some issues recently canceling and clearing outstanding checks as they work to clear the Federal Reserve Banking System of aged checks that were originally issued with a grant impact.

Upon researching this issue, The STO and SCEIS Teams found that it is triggered when the “Block All Postings” checkbox under the “Posting” tab is “checked” after the payable check is issued, but before it is presented to the bank for payment or before the request for cancelation is received.

To ensure this issue does not affect your agency, please “uncheck” this box on all grants. Postings will be controlled by the validity date range to prevent new postings from processing.
