

## Purchase Orders SRM Guide to Hard Stop and Common Errors

Error or Issue	Resolution
<p> Line X: The order quantity cannot be less than the quantity already confirmed</p>	<p><b>Problem:</b> User attempted to change a Purchase Order (PO) by keying-in a quantity (a dollar value / quantity for Transaction Type of Blanket PO) which was less than the quantity already received.</p> <p><b>Solution:</b> Do not key-in a quantity less than the quantity already received. Cancel the GR and re-key for the correct qty.</p>
