Description
This online course familiarizes users with key concepts and terms of time administration in SCEIS along with work schedules, user roles, and time evaluation. Users will learn how to enter and correct time in the CATS time sheet for single and multiple employees and how to record special working times, wage types, and charge objects in the system. Additionally, users will learn when and how to apply work schedule substitutions and how substitutions affect pay and leave. The course also reviews SCEIS time, leave, and wage type reports.
