

Subject: Work Schedule Rule (WSR) Development Halted from August 5 to November 25

Audience: Human Resources Directors, AST Leads

Due to SCEIS technical changes in preparation for the Public Budget Formulation (PBF) and Supplier Relationship Management (SRM) 7.2 implementations, new development of Time Management WSRs will be halted from August 5 to November 25. If your agency has new WSR requests, please submit a ticket to the SCEIS Service Desk to ensure your changes are placed in production prior to the August 5 deadline.

Please note, during this period, you are still able to maintain employee WSR assignment and the SCEIS Team will also be able to add existing WSRs to your agency's drop down box. A [list](#) of over 4,000 existing WSRs currently available is posted with this announcement on the SCEIS Weekly Updates webpage.
